## REAL HOME

Mandy McPherson's converted chapel in Bosham

## INTERIORS

Easy ways to give your bedroom a makeover

## GARDENING

Two Sussex town gardens opening to the public

## SIMPLE PLEASURES

If you're a fan of minimalist style then you'll be drawn to the simplicity and nature-inspired aesthetic of WoodEdit. The West Sussex furniture company has launched its Core collection of hand-crafted wooden furniture, featuring pared-back classics from large kitchen tables to peg rails. It's the brainchild of husband-and-wife team Paul and Maria Le Mesurie who make everything in the workshop at their home in Uppark, a former 17th century stable block. What's more, each piece is made to order from responsibly sourced woods: oak, ash and walnut. [woodedit.co.uk](http://woodedit.co.uk)
